Kappa Sigma, The University of Kansas, Summer 2005

Corporation Board Report

The Corporation Board held its spring meeting on April 16 in conjunction with Alumni Day activities organized by the active chapter. Attendance was exceptional with only two members in excused status. Dr. Bill McEachen was previously committed to another KU Alumni activity and Dr. Bill Buck was traveling in China.

The Board received upbeat reports on the state of the Active Chapter and an optimistic outlook for the spring-summer rush cycle that is already well underway. After three successive disappointing academic semesters the chapter conducted a critical self-assessment exercise in early February with leadership from Alumni Advisor Billy Brandtonies '02 and GM Nick Lombardi '03. The Self-Assessment resulted in setting a full range of goals and objectives for individual and chapter improvement aimed at refocusing priorities on academics, brotherhood and service. The Board has made it clear that significantly improved academic performance is our immediate priority.

Corporation finances remain strong and we continue to pay down our remaining mortgage indebtedness on schedule as well as keeping facilities maintenance current and making routine improvements. There are no known major expenses on the immediate horizon although we hope it will become necessary to acquire additional mattresses and dining room chairs in response to successful recruiting.

We will be looking for 2-4 new Board members for election at the Fall Corporation Board meeting and Andy Klein '95, our 2d VP has agreed to chair the Nominating Committee for new directors and will also produce a proposed slate of officers for election by the Board in October. Willing alumni are urged to contact Andy directly at 405-330-7806 to express interest in serving.

Finally, the Board was delighted to learn that we have successfully re-enlisted both our long serving House-mother, Helen Lierz and our superb cook, Cindy Post for the next school year. Their contracts are signed and

locked-up. Mom Lierz will be entering her 15th year with the men of Kappa Sigma at KU. Both ladies have been absolutely invaluable to me as Board President and were recognized in the unanimous Board resolution reproduced below.

Fred K. Green '61
Chair

Be it Hereby Resolved that, on the occasion of the spring meeting of the Board of Directors of Gamma Omicron, Inc. it is the unanimous will of the Board that we, on behalf of the alumni brothers, express our most sincere appreciation, gratitude and unbounded admiration to our House-mother Helen Lierz and to our Cook Cindy Post for their many years of dedicated service and loyalty to the men of Kappa Sigma Fraternity at the University of Kansas.

Adopted April 16, 2005

Spring 2005 GM Report

by Nick Lombardi

Scholarship

This spring we have fully reorganized the Scholarship Program to have three chairmen. One is responsible for the pledges and the acquisition of test files. Another is responsible for the sophomores and a third is responsible for juniors and seniors.

For all freshmen: the responsible chairmen will keep syllabi, tests and projects on file for review and examination. The same is done for sophomores and any upperclassman that fall below the 2.25 GPA requirement. These members are subject to Scholarship review by the Exec. committee of the chapter. This committee works with actives to create a study schedule and academic plan to put them on the right track for achievement.

Also, Scholarship has been revamped for the fall to include guest speakers, time management seminars, test taking seminars and more productive study-hour sessions. We are looking forward to a strong, continuing academic performance for the spring.

Rush

This year we have made great strides to integrate new procedures into our rush program. With the insight gained from the Area Recruitment visit last spring, we have been able to utilize our strong suits of diversity, social aptitude and brotherhood to create a balanced, thoughtful rush agenda. We have stayed within a meager budget to rely on ingenuity and old-fashioned networking techniques. We have produced large-scale rush events, as is the format today, but we have not forsaken the tried-and-true efforts that have helped us in the past. By focusing on small groups and "package-deals," we have maintained a consistent contact schedule with our rushees. Also, we have streamlined the enormously effective techniques from our Formal Recruitment into day-to-day communication with prospective members. This year, we are striving for a full house and have laid the groundwork for a highly successful rush in 2005.

LATE BREAKING NEWS!!

Gamma-Omicron spikes 19 pledges on May Day!! First day of open rush a great success. Chapter will enter formal rush with 25 pledges already signed and has set goal of 35 before end of July. Please send Alumni Recommendations now before all the beds are taken.

Pledge Education

The introduction of the National Fraternity's mandated 60-Day pledge program admittedly set us into a whirl from the get-go. Leaving old traditions behind in exchange for a kinder, gentler and more sensitive era is not a process completed overnight—or in a single semester for that matter. However, through meaningful deliberation between previous pledge masters, recent pledges, and myself, I feel we have constructed a well-planned, comprehensive schedule for 2005.

The trick, as we soon discovered, is not to cram the full first semester schedule into 60-days, but to incorporate the mandatory 60-days of formal pledgship into the overall education and brotherhood development process for Gamma-

O initiates. We have created a process that first prepares men for initiation and subsequently yields results such as: ritual proficiency achievement at a higher level, appreciation of the chapter history and heritage, an understanding of the responsibilities of living communally in the chapter house, and ultimately fosters an understanding that the rewards of brotherhood are not freely bestowed, but must be continually earned through merit.

Philanthropy

We recently held our annual Slave Auction Philanthropy with the women of Pi Beta Phi. The event raised over \$500 for the Boys and Girls Club of Lawrence and has continued a strong relationship with one of the best sororities on campus.

We are also looking forward to an event hosted by area alum, David Bennett '01, with the women of Gamma Phi Beta. Bennett is providing his property to facilitate a car-wash philanthropy that will assist in donating money for the House That Greeks Built.

Chapter Website

If you have not yet seen the revamped undergraduate website, it is at www.kukappasigma.com. It is arguably one of the best Kappa Sig websites in the nation and is hands down the best at KU. Already, the site has helped with rush and chapter updates for alumni. We have received numerous inquiries from out-of-state men seeking to join and have honed in on an important technological asset to aid in our chapter operations.

Our alumni website is also just as impressive and useful. Take a look at www.gamma-o.org.

The improvements we have made this year and are striving for in the future are laying the groundwork for a solid, prosperous future for the men of Gamma-O.

National Award Recipients Named

The National Kappa Sigma Education Foundation recently announced the Scholarship Leadership Award winners for 2004 and four Gamma-Omicron brothers were among those honored. Senior Clint Jones '01 led the pack with one of the "named awards" and received a stipend of \$2,500. Junior Daniel Klein '03 followed with a Certificate of Merit and an award of \$500. Brothers Colin Gonzalez '02 and Bryan Easley '03 were recognized with cash awards of \$400 and \$225 respectively. Congratulations are in order!

GO Academic Achievement Awards

Gamma Omicron's Education Foundation made Academic Achievement Awards for the Fall '04 semester to the following members: Erik Gasparovich '03 – Top Active GPA; T.J. Trum '04 & Marcus Hook '04 – Top Pledge GPA (virtual tie); and Matthew Evers '03 – Most Improved GPA. Each award

recipient received a stipend of \$150. Seniors Justin Goodnight '02 and Andy Wurst '02 continued their stellar academic performance with 4.0 semesters while living out of the chapter house. Nice work, brothers.

2005 Grand Conclave Attendees

Gamma-Omicron has registered six active members for the 65th Biennial Grand Conclave scheduled this summer in Las Vegas, Nevada on July 13-17. (Tough duty, brothers!) The delegation will be led by GM Nick Lombardi '03 and include immediate past GM Adam Browne '02, newly elected GT Troy Gayer '04 and recent initiates, Kevin Grass '04, T.J. Trum '04 and Cory Sims '04. The Corporation Board is supporting the delegation with approximately \$1500 to cover registration and lodging. The men will cover their own transportation and incidental expenses. Browne and Lombardi attended the 64th Conclave immediately after their freshman year and returned with high enthusiasm to provide superb leadership to Gamma Omicron. We are expecting great things from this year's delegation, too.

Short Shots

Now Accepting Credit Cards

In response to Alumni Survey findings both the House Corporation (Gamma Omicron, Inc.) and Kappa Sigma's Gamma-Omicron Educational Foundation (for tax deductible gifts) are now able to accept credit card payments for contributions and event payments. Yes, we accept Visa, Mastercard and Discover! Go to www.gamma-o.org to learn more.

We will also be able to accept housebill, security deposit and assessment payments from active chapter members and parents with the proviso that the remitters will be charged a modest "convenience fee" tacked on by the card processor so that the chapter realizes the full net fee. We are now considering the possibility of using automatic bank drafts as well. Stay tuned as we modernize our financial operations.

Pledge Class of 1980 25-Year Reunion

Pledges from 1980 are planning a reunion at Homecoming 2005 to recognize their 25 years under the Crescent and Star of Kappa Sigma and to "rededicate" the massive concrete KΣ letters that were installed on the front (East) lawn by their class. They don't remember ever "dedicating" the letters, but rededication is a good enough reason to celebrate after 25 years. As an adjunct of the celebration, Bill Beck '80 is supervising the creation of a new stone marker that will grace the Southwest corner of the property (probably on the traffic island) and better identify the House and street address from the parking lot entryway. 1980 initiates seeking more info should contact Bill by email at: billbeck@attglobal.net

Alumni Day Activities

The active chapter took advantage of the Spring Corporation Board meeting to schedule Alumni Day activities and a contemporaneous Rush Event on Saturday, April 16th, a lovely spring day in Lawrence. The House was sparkling, the lawn freshly mowed and the shrubbery trimmed and mulched. By mid-afternoon as the board meeting concluded there were some 25 alumni in evidence and a number of rush prospects began to appear. The chapter provided the opportunity for guided tours to the Robert Dole Institute of Politics on West Campus that prominently displays several Kappa Sigma artifacts from Brother Dole's days at 1045 Emery Road, including his framed initiation certificate.

Later, an elaborate BBQ dinner was catered by Zarda in the dining room and actives, alumni and rush prospects mingled and exchanged stories both true and fanciful along with challenges relating to the planned "Texas Hold-em" Tournament set to begin at 7:00pm. Poker tournaments, specifically Texas hold-em, are now highly popular events on college campuses across the country with young men emulating the TV-star poker studs in dress and mannerism for the big events.

By 7:30 pm some 60 players were deep in concentration and the bluffing was well underway. Actives and alumni each paid a modest entry fee and rush prospects were entered gratis, not that it would matter as, of course, the old boys wouldn't let them walk away winners. Round about midnight the amateurs had been driven from the tables and all the chips remained stacked between two old dudes from the classes of '69 and '77. For a recap of the final "All-in" hand as told by the winner, see the box

below. All in all the day was a great success and it is reported that several top rush prospects were "spiked" that evening. Thanks to brother Kellen Duryea '03 for planning and management and Joel Harrity '03 for honchoing the tournament.

And the Tournament Champ was:

The last two standing in the game were the two old alums, Corporation Board Treasurer Tom Robinett '69 and former Board President Ed Grass '77. All the young guns had learned a hard lesson that steady conservative play generally wins. Around midnight, the final hand was dealt. Grass (in the big blind) had 10-8 suited and Robinett had 7-4 off suit. Robinett called the big blind; Grass checked and the flop came K-10-5. Tom led in with the minimum bet. Grass, not sure of Tom's hand, figured what the heck and called. The turn card came, it was a 10, giving Grass the set. Tom, now older and more tired and desiring to go home and sleep rather than playing poker for another hour to two, moved "all in". Grass quickly called and the rest is history. Even Grass doesn't know what the last card dealt was as there was no way Tom could win. He still ponders why Tom moved all in with 7-4 off suit???. Probably sleep deprivation. Anyway, the winner, just interested in getting his initial investment back by making the final table, was more than happy to take away the \$50 first prize. He was later seen basking in his glory at the Wheel with his two sons.

Four Gamma-Omicron Brothers in Bologna

Four friends and brothers spent the spring semester in Italy allegedly studying international business transactions under the auspices of the KU School of Business.

Jarrett Simpson '02, Kyle Nestelroad '02, Brian Bennett '02, and Dan Klein '02 made the most of their opportunity and traveled extensively during the brief respites from their strenuous studies. And, as all good Kappa Sigma's they made the trek to the traditional founder's home ground in Bologna. Brother Klein reports "The trip through Bologna was great, we got back last night. We saw the Torre degli Asinelli and the Garesendi... took pics of both as well as the Basilica di San Petronio."

Left to Right taken in Cinque Terre, Italy Jarrett Simpson '02, Tom Bauer (a stray F11), Kyle Nestelroad '02, Brian Bennett '02, and Dan Klein '02.

Alumni Notes

Senator Robert Dole '42 recently appeared on the KU campus and in Kansas City as part of a nationwide book tour promoting his new book *One Soldier's Story: A Memoir*. Brother Bob devotes a chapter to his years at KU and prominently features recollections of fraternity life at 1045 Emery Road. (601 Pennsylvania Ave NW #N Washington DC 2004-2601, 202-333-6280)

Charles Stephens '49 of San Marino, CA traded aerospace engineering for a career in cycles. As founder and president of American Cycle Systems brother Stephens has been an industry pioneer in cycles and skateboards for well over 30 years and his company continues as a leading supplier of BMX components. (1296 Adair St, San Marino, CA 91108, 626-289-2480, amylopus@aol.com)

Fred Lawrence '56 lives in Green Valley, Arizona. He retired as Dean of the College of Business and public Administration at the University of North Dakota. (1155 Placita Lucinida, Green Valley, AZ 85614, 602-924-6287)

Don Foster '59 Retired as the Deputy Chief of the Fraud/Criminal Section of the U.S. Department of Justice. Don and wife Trevella reside in Walkersville, Maryland. (10107 Harp Rd, Walkersville, MD 21793, 301-898-3719, donaldfoster@adelphia.net)

Jon Alexiou '62 topped off a distinguished academic career as President of the Wolfson Campus of the Miami-Dade County Community College, the largest community college in the nation. He is now with the Chauncey Group an educational consulting subsidiary of Princeton Testing Services. (11450 SW 92nd Ct, Miami, FL 33176, 305-255-8462)

Fred Frailey '63 is the Editor and writes a regular column in Kiplinger's Personal Investing magazine. A man of eclectic interests, Fred has also authored five books on investing and a recent book entitled *Twilight of the Great Trains* (Kalmbach Books). (1323 Kirby Rd, McLean, VA 22101, 703-527-8070)

Allan Mulally '64 continues his luminous career with Boeing and is presently chief of the commercial aircraft unit. Several business publications tout Allan as a leading candidate to become Boeing's next CEO. (7804 79th Ave SE, Mercer Island, WA 98040, 206-232-1004)

Honorable Lawrence Walter '69 has been serving as a United States Bankruptcy Judge for the Southern District of Ohio since 2003 following a distinguished career in private practice. Larry and wife Christena have raised three children and live in West Chester, Ohio. (7551 Whitehall West Circle, West Chester, OH 45069, 513-777-3996, lwalter50@hotmail.com)

Cliff Rovelto '75 is the Head Track Coach for Women at KSU. He has recently been selected to coach at the 2005 World Outdoor Track and Field Championships in Helsinki, Finland. (1512 Yorktown Cir, Manhattan, KS 66503, 785-776-9633)

Paul Wilbur '77 lives in Bloomfield Hills, MI where the former Daimler-Chrysler executive is now CEO of ASC, Inc. a convertible and specialty vehicle manufacturer. (4852 N Harsdale Rd, Bloomfield Hills, MI 48302, 248-340-0951)

Outstanding Brother Profiles

Adam Browne '02

Adam has performed a great service to Gamma-O by the work he has done in his positions and by bridging the gap between older brothers and his youngest brother, who is currently a rushee. His experience in Gamma-O totals five years and in that time, he has served us well.

As Grand Master, he incorporated the vital lessons from the 2003 Grand Conclave and implemented policy which changed our chapter operations for the better. He was in charge of making sure the KU IFC was aware of our progress as a chapter.

While Adam was GM, Gamma-O received the IFC award for Most Improved Grades, Most Improved Chapter and Honorable Mention for One of KU's Finest Greek Chapters. These awards could not have been won without Adam's dedication and skill at delegating authority.

Also, Adam was instrumental in bringing our Area Recruitment Manager into the fold for our Rush Program and the lessons from that seminar still influence our Rush process.

Adam has been a fine example throughout his tenure as a Brother at Gamma-O and he intends to foster that experience into new horizons in our future. We are lucky as a chapter to have had his great leadership and experience.

Kellen Duryea '03

Kellen's campus leadership has proven to be a great asset to Gamma-O over the past two years. He has served as IFC GAMMA Chairman, Adopt-a-School and Adopt-a-Park coordinator and IFCVP for Risk Management.

Kellen has done all of this while running his own advertising company out of Omaha and securing a great future for himself in the private sector. His experience has truly come out to our benefit with the organization of 2005's Alumni Day Event.

As Alumni Relations Chairman, he has streamlined our efforts to remain in contact with alumni via Fraternity Management Group. He has worked tirelessly to accomplish this endeavor for our future benefit.

Kellen's greatest asset in the chapter, though, has been his savvy knowledge of our limitations and opportunities on the Hill and his unending support for chapter activities. For three years, Kellen has become a prime example of leadership in and out of the chapter and has fostered that leadership into younger Brothers so that our influence on the Hill will not wane anytime soon.

He has done a great service for this chapter and his influence will remain for many years to come.

- 2.75 Cumulative GPA •
- Scholarship Chairman •
 - Grand Scribe •
 - Grand Master •
 - Legacy •
 - Conclave Master •
 - Conclave Attendee •
- Basketball Intramural participation •
- 3rd Level Ritual Proficiency •

- 2.7 Cumulative GPA •

- IFCVP for Risk Management •
- Adopt-a-School Coordinator •
- Adopt-a-Park Coordinator •
- GAMMA Chairman (Greeks Advocate Mature Management of Alcohol) •
- Self-employed Kellen Duryea Advertising, LLC. •
- Soccer and Ultimate Frisbee Intramural participation •

Colin Gonzales '03

Colin has been a model of all-around excellence since his pledging in 2002. He began by serving as Social Chair for the Pledge Class and later as Social Chairman for the chapter. He ended his run by serving as GMC for the Fall 2004 semester.

His academic performance has been stellar throughout his time here at Gama-O and he was awarded scholarships from the Kappa Sigma Endowment Fund as well as the Gamma-O Endowment Fund.

He also served on the Junior Greek Counsel and took those contacts to make one of the most successful Social schedules in recent history. He has also used contacts from his employer, Quinton's Bar and Restaurant, to give patronage to Brothers and Rush prospects alike.

His experience with Gamma-O, however, goes back to the time of his older brother, Nathan's time in the chapter from 1999. Colin has always had a great role as a silent leader within the house and he has pushed agendas forward through his integrity and chapter knowledge.

Colin has always been an example of responsibility, juggling chapter positions, academic performance, and constant employment. This alone qualifies him as a paradigm Gamma-O brother, but it is his continuing participation in chapter activities that makes him stand out as a truly great Gamma-O.

Brother Gonzales received a Kappa Sigma National Scholarship Leadership Award in 2004 with a stipend of \$400.

Clint Jones '01

Clint's leadership to our chapter has been invaluable since his pledgship. He served as Vice President of his Pledge Class and rose to the rank of Chapter Grand Procurator.

His leadership did not stop there, however. He was very involved with the KU IFC and served as the VP of Public Relations. Through this position, he helped Gama-O get great press in the Greek paper, "The Oracle" and through the Formal Rush process.

His greatest contribution, though, was his willingness to aid every officer in each endeavor they pursued. Clint served on every Rush committee while he lived in the house and was active in recruiting new members.

He also offered his experience, both academically and socially, to each new member as if they were his own pledge son. Clint aided the chapter with the 2004 Alumni Day and with duties as Pledge Educator.

Even while he currently lives out of the house, his presence is still felt by his encouragement to new members to get involved on campus and make Gamma-O a stronger force on the Hill.

Brother Jones was honored by the Kappa Sigma Endowment Fund in 2005 with a Scholarship Leadership Award of \$2500.

Outstanding Brother Profiles Continued

Dan Klein '02

Dan has always been a beacon for positivity for Gamma-O and an example of leadership. He started in Junior Greek Council, where he was awarded the Outstanding New Member of 2003 and rose to the rank of Grand Procurator.

During the tenure of each of his offices, he was a model for efficiency and exactitude – an exemplary leader. Dan is a Brother who constantly moves for reason and disclosure within the chapter and is always open to new ideas and criticism.

Academically, Dan excels in the Business School and is a leader for Brothers who follow in his footsteps. He is always available to help a Brother with his class work and has great insight into fostering his Brothers' education.

At the 2003 Grand Conclave, Dan participated in getting Gamma-O's operations up to snuff and worked endlessly to ensure our success. Without his help, Gamma-O would not be where it is today.

The most striking qualities about Dan however, revolve around his ability to manage school, work, family and friends, and the fraternity. There is never a task he is not up to accomplishing and his tenacity has invigorated Gamma-O since his pledgship.

Dan is currently studying in Italy with three other Gamma-O's and will bring back his indelible spirit to Gamma-O in the fall.

Brother Klein received a Certificate of Merit and Scholarship Leadership Award of \$500 from the Kappa Sigma Endowment Fund for 2004.

Brothers Remembered

Robert A. Ferris '34 passed away on April 6, 2004 in Tulsa, OK. He was always supportive of Kappa Sigma. After his time at KU, Brother Ferris went on to help establish the chapter at the University of Tulsa. Robert Ferris was inducted into the Gamma-Omicron Hall of Fame.

Richard A. Kerr '45 passed away in Osage Beach, MO, on October 11, 2004. Brother Kerr joined the Navy directly after high school and went on to fight in WWII. After his time in the Navy, Richard went on to study at Washburn University and then to the University of Kansas. While at KU, Richard Kerr joined Kappa Sigma. He was an active member throughout his time at KU. While still in school, Richard married Dorothy Savage. After graduating KU with a BS in Mechanical Engineering, Brother Kerr went on to work for several companies all around the country. He and his wife eventually retired in the Lake of the Ozarks.

Howard B. Koch '61 passed away at age 62 on September 28, 2004. "Howie" was a high-tech marketing consultant in Silicon Valley, CA. He leaves his wife Amy and six children.

William J. Schroth Jr. '73 passed away February 12, 2004 in Climax Springs, MO. He graduated from the University of Kansas in 1977 with a degree in business. He was always admired and well-liked by his fellow brothers while at KU. Brother Schroth went on to sell and install global positioning systems in Army and Presidential vehicles until his early retirement to his lake home in the Lake of the Ozarks.

Annual Giving During 2004-05

If you have not made a contribution to date, but are willing to support our programs now, please use the enclosed envelope. If you have any questions, please feel free to contact Matt Noble at 1-800-228-7326 or matt@fmgtucson.com or Fred Green at 913-432-3385 or frogkg@aol.com.

Members of Heritage Society Make A Difference!

Some people decide to include charities in their plans because they don't have heirs who need to inherit their assets - or at least not all their assets. Some understand they can improve their tax situation by bequeathing a portion of their estate to a charity. Some decide that they want at least a portion of their accumulated wealth to support organizations they value the most - and in some cases that is Kappa Sigma.

You can help support the educational and housing needs of the chapter by making an estate gift of any size. The foundation asks that you discuss your charitable intentions with the potential executors of your estate

to ensure that your final wishes are honored. We also would appreciate notification of your wishes so that we can recognize you as a member of the Heritage Society (we can keep confidential if you wish) and we can make appropriate plans for the future.
